über das Thema

**Some notes on the *Abhidhamma Vibhaṅga-mūlaṭīkā* and  
*Vibhaṅga-anuṭīkā***

The *Vibhaṅga-mūlaṭīkā* and the *Vibhaṅga-anuṭīkā* are two sub-commentaries of one of the seven books of the Pāli Abhidhamma-piṭaka, the *Vibhaṅga*, and the direct commentaries of its commentary, Buddhaghosa's *Sammohavinodanī*. The *Vibhaṅga-mūlaṭīkā* is attributed to Ānanda and the *-anuṭīkā* to his well-known disciple Dhammapāla. In the section on the *satipaṭṭhāna* method, Ānanda proposes exegetical strategies to solve some seeming contradiction between Buddhaghosa's interpretation of the *Vibhaṅga* and the Sutta's framework that the *Satipaṭṭhāna-vibhaṅga* refers to. An examination of exemplary passages will shed light upon the originality of Ānanda's thought and its influence on Dhammapāla's commentaries.
